The WRTA is Going Green!

The Worcester Regional Transit Authority (WRTA) is excited to announce it continues to update its fleet with clean diesel and electric hybrid buses. This is a continuation of the WRTA's substantial efforts to reduce emissions and become more environmentally conscious.

Bus highlights include:

- One-step entry
- Automated wheelchair ramps
- Comfortable padded seating
- Environmentally-friendly LED interior lighting
- Fire detection suppression system

Hybrid buses feature:

- 20 - 45% fuel savings
- 30 - 40% reduced emissions
- Quieter operation
- Lower maintenance costs

The WRTA is listening!

Have a comment, suggestion, question, or complaint? We want to know. Call the WRTA's Customer Feedback line at 508-791-WRTA (9782) x6037, and leave your name, contact information, and message. We welcome your feedback!

New state-of-the-art technology includes:

- Automatic Vehicle Locator (AVL) system which allows cell phone applications to determine arrival times
- Automatic Vehicle Announcements (AVA) which provide clear audio and visual messages
- Dynamic Message Signs which offer real-time bus arrival predictions
- Traffic Signal Priority (TSP) which reduces transit travel time, improves schedule reliability, and helps to reduce emissions

A "GREENER" WAY TO GO
