

One Day 8 Ride Pass Changes

Effective October 14, 2017

One day passes must now be dipped in the farebox for each ride.

- One day passes are automatically activated when they are dipped into the farebox.
- Passes purchased on the bus will automatically deduct the first ride.
- The farebox will display the number of remaining rides after each dip.
- Drivers are able to tell you how many rides are left for the day. The customer service window can NOT tell how many rides are left on the one day pass.
- "Void" will be printed on the pass once you've used all of your rides.

Charlie Cards

- No changes have been made to the use of the Charlie Card one day pass.
- The one day pass can still be purchased on a Charlie Card. Only one pass can be purchased at a time.
- Another day pass can be purchased with one ride remaining on your day pass.
- Cards should only be tapped once. If a Charlie Card is tapped twice it will say "no value remaining" on the screen.

*Please note the system only allows one use of a pass within 45 minutes on the same vehicle.
