

## **Route Changes Going into Effect on January 24, 2015:**

Route 22 on weekdays will have additional time added for some mid-day trips surrounding Kelly Square. The added time will require the last inbound trip of the day to be express from Blackstone Shoppes to the Hub via 146 and 290.

Route 25 on Saturday – the entire schedule block will move ten minutes earlier.

Routes 27 and 5 on Saturday will have additional time added between 9am and 5pm. This will change the schedule but there is no loss of trips.

Route 30 on Sundays will have time shifted between inbound and outbound trips.

The last inbound trip on weekday Route 9 and the last four round trips on Route 31 will start five minutes later.
