REQUEST FOR PROPOSAL (RFP 2020-006)
FOR DEMAND RESPONSE RIDESHARE SERVICE PILOT**

This addendum contains:

- Responses to Questions received February 11, 2020 – February 21, 2020

Question 1: Excited to see this RFP released. So that offeror's have enough time to prepare a thoughtful response, would WRTA consider granting a 2 week extension for the submission of bids? Any flexibility here would be appreciated!

Answer: No – This pilot has an anticipated start date of April 6, 2020. It has been determined there is adequate time in the current schedule for a turnkey vendor to prepare a competitive response.
